## WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

NATIONAL PHOTOGRAPHIC INTERPRETATION CENTER

### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

### SUMMARY

A medium-sized army barracks area is located in the southern sector of the town of Terebovlya, on the western bank of the Gnezna River (Figure 1). This installation consists of troop barracks, administration buildings, a

large recreation area, and a motor pool or equipment park (Figures 2 and 3).

The installation was covered by six KEY-HOLE missions between [REDACTED] and there was no apparent change.

### DESCRIPTION OF INSTALLATION

#### Road Service

The area is situated on a hard-surfaced, all-weather street in Terebovlya. This street provides access to the city and to streets which lead to the railroad.

#### Administrative and Troop Housing Areas

Area D1 contains six permanent, masonry multistory troop barracks, three 200 by 35 feet and three 150 by 35 feet, and five permanent, masonry single-story miscellaneous administration buildings.

Area D2 contains six permanent, masonry single-story troop barracks, five 100 by 35 feet and one 250 by 35 feet.

#### Equipment Storage/Maintenance Area

Area J is a 600- by 700-foot motor pool

area with three 200- by 50-foot single-story vehicle sheds and two 100- by 25-foot single-story vehicle maintenance buildings, and one single-story administration building.

#### Athletic Fields

The installation contains three athletic fields in Area K, a general recreation area. This area also contains a gymnasium, a field house, and two small equipment supply buildings.

#### Unidentified Facilities or Tracking Activity

Area T is a fenced area with towers at each corner. The area contains one 150- by 35-foot single-story building and three small unidentified structures.
